MEMORANDUM FOR:

Director, NEA/ARN

25X1

FROM:

Helene L. Boatner
Director, Near East/South Asia Analysis

SUBJECT:

Briefing of Senate Foreign Relations Staffers on Iraqi
Links to Terrorism

25X1

1. Attached is a memorandum outlining the discussions we had with Senate staffers yesterday. With regard to the confusion noted in paragraph 8, there has been a misstatement. None of the individuals present at the briefing remembered the paper which was done for the Department last fall as an input to this decision. We will have to correct the record and the staffers are certain to ask us for a copy of it. I recognize that this will not make your task any easier.

2. As indicated in the last paragraph of the attachment, the Senate Foreign Relations Committee apparently plans to hold hearings on this subject. Unfortunately we are probably all going to be involved. Please keep us posted if you learn anything more of mutual interest. Best regards.
